DETAILED ACTION

Election/Restrictions

This application is in condition for allowance except for the presence of claim 29 directed to a non-elected invention without traverse. Accordingly, claim 29 been cancelled.

Allowable Subject Matter

Claims 1-11, 13, 14, 16-19, and 21-23 are allowed.

REASONS FOR ALLOWANCE

The following is an examiner's statement of reasons for allowance: In regard to claims 1, 13, and 18, the prior art does not disclose or render obvious wherein a capacitive sensor for providing a detection output indicative of a proximity of an object for providing a position output that varies linearly with a position of the object also a sensing body extending between two electrodes, comprises: means for summing the respective outputs from the two measurement circuits and for providing the detection output if that sum exceeds a selected minimum threshold, and a means for calculating the position of the object from a ratio of a selected linear combination of the respective non-linear outputs of the two measurement circuits in the combination as claimed.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably
